Additional Information

All versions of PowerCADD will no longer ship with a manual. The manual is now available as PDF on demand.

DWG is part of PowerCADD 9. All upgrades and new copies have DWG built in.

Expert Versions

We are supplying an Expert version of PowerCADD, this includes WildTools. This is cheaper than buying them as separates. If you already have a copy of PowerCADD and WildTools this can be considered as an Expert version.

New 2nd/3rd/4th copies

PowerCADD is supplied at a special price for additional copies once you have one current (pc10) license. Only install code and dongle is shipped

Multi Pack Upgrades.

A multi pack is 5 copies or more. Upgrades of 5 or more copies qualify for multipack price.

Dongles

Some versions of PC older than PC6 will need dongles replaced. This is a no charge item. Please make sure you tell us what type of dongle you have when you order. If you have the new WIBU dongle this does not need replacing. If you have the older MicroGuard dongle this needs replacing.
